## Jogos de tabuleiro nas escolas dos Marrazes

O projeto internacional *Learning to Play and Playing to Learn* (Erasmus +) do qual o Agrupamento de Escolas de Marrazes faz parte, em parceria com Itália, Grécia, Hungria, Bulgária e Espanha, promove estratégias potenciadoras das aprendizagens de forma lúdica bem como atividades de fruição saudável em família.

No âmbito deste projeto, realizou-se na passada sexta-feira um encontro de jogos de tabuleiro moderno para alunos, professores e famílias do JI e EB de Pinheiros.

Esta iniciativa contou com a parceria dos Boardgamers de Leiria (Associação Asteriscos) e terá lugar de novo na próxima sexta-feira, desta feita para os JI e EB de Gândara dos Olivais, estando prevista a participação de mais de uma centena de alunos e famílias.

Let's play and learn?
